

# COMPASS

Life takes you in all directions.  
Compass takes you where you want to go.

## *Save Time*

Compass gives your employees, volunteers and others of your choosing instant access to employment and credit union information to meet their needs.

Get your people to relevant, helpful information in seconds.

## **Compass, a self-standing, no maintenance kiosk supporting the HR function**

- ⦿ Easy, accessible electronic access to financial services and Human Resources information your employees need
- ⦿ Ends time consuming questions like “How much sick time do I have?,” “Are we working on Veterans Day?” and more
- ⦿ Installed at your location—you provide the location, we provide the kiosk and support

## Access Features

### **HR access as determined by you!**

- Holiday listings
- Vacation time balance
- Available sick time
- FSA information
- Insurance information
- Links to benefits partners
- Job Openings

### **Full access to Credit Union accounts and information**

- BillPay
- Account Management
- Inquiries
- Applications
- Open an Account

### **Direct phone contact with the LGFCU Call Center**

### **Easy to use, secure interface**

### **Information and resources determined by you!**

- Internal and/or external Web sites
- Directories
- Intranet

## Ease of Operation

### Functions

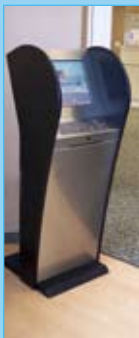

Access existing databases and/or build a system that works for the needs of your staff.

### Remote monitoring

We keep tabs on the kiosk from our end, eliminating the need for you to keep track of Compass on yours.

### Full maintenance support

Don't be bothered with equipment maintenance. We take care of it.

## Promotional Support

### Promotional materials

We work directly with you to provide promotional material. Brochures, payroll inserts, posters, HTML e-mail—whatever you need to communicate to your employees—we'll provide it free of charge.

### Branding

The kiosk will reflect a joint effort between your local government unit and the Credit Union. Branding for the Credit Union will be limited. This is primarily about local government employees, elected officials, volunteers and their families—not LGFCU.

# Multi-Level Security

## User Safeguards

- Security software for blanket protection
- Password protection for individual users
- “Smart” printer to pull back non-retrieved paperwork
- Proximity sensor to delete abandoned work session

## Physical security

Machine can be securely attached to flooring.

## Restricted Web surfing

Only sites you approve are accessible. This may include benefits partners or your unit’s Web site or intranet.

## Hardware protection

Access to hardware is lock protected.

Compass can make life easier. It gives your employees access to information and materials in an easy to use format that is available to them any time you want it to be. Contact LGFCU Business Services at **800.344.4846** to open a discussion about how Compass could work for you.

# COMPASS

*Life takes you in all directions.  
Compass takes you where you want to go.*

## The Interface

Compass has two “sides,” the financial services side and the human resources side.

The interface features large easy to see and use touch-screen buttons.

The top tool bar will be available on every screen to allow users to move through the screens easily and efficiently.
